

Potrero Gateway Project  
February 8, 2024

Attending Members Jean Bogiages, JR Eppler(zoom), Patricia Fonseca, Michael Kerbow, Sheldon Trimble

Guests: Daniel Pan ( 1AM) , Antoine Marnata (1AM)

Notes

1. Introductions

PGPSC members introduced themselves

2. Daniel and Antoine - 1AM

Daniel and Antoine told us about 1 AM and projects that they have worked on

3. What is the Potrero Gateway Project?

PGPSC explained what the PGP project is trying to accomplish

4. Objectives - What do we want a mural to do?

PGPSC explained that we want a mural to connect the parts of the project (Art, safe biking, CA Natives) and want a mural that will not be immediately graffitied. We want the community involved in the project. We recounted how Downtown HS kids worked on a project at Fallen Bridge.

## 5. How do we make it happen?

We can work with 1AM and review w design through a series of meetings. We can ask GBD to be a sponsor. We can check with Caltrans to make sure we have Caltrans permission. We can get a cost estimate from 1AM. WE can work to make sure the are is not vandalized now.

## 6. What Next re Murals?

- Connect with DPW (Trent and Alex) and Bauman to remove graffiti as it occurs on the new retaining walls.
- Connect with CALTRANS to see that the Pillar and blue metal wall graffiti continues to be removed
- Wait with anticipation for the 1 AM cost range based on pillars and electrical box
- Connect with GBD to agree on GBD advocacy needed and financial management for anticipated grants
- Connect with David Eng, CALTRANS art & Landscape
- Come up with Signage ideas asking passersby to help keep the area beautiful as well as provide education on the landscaping

## 7. Graffiti prevention on retaining walls?

Figure out ways to remove new graffiti quickly, put a large X over what has been done

## 8. GBD as sponsor for San Bruno Sound Analysis

Committee agreed to ask GBD to make it a project that we would find funding for.
