

Loop Steering Committee Meeting  
550 Utah street 7:30pm  
January 12,2015

Attending: Jean Bogiages, Sheldon Trimble, Michael Kerbow

**Caltrans Update**

Jean gave an update on the progress of setting up meetings with Caltrans. Jim Bozionelas, Caltrans Air Space manager met with Roland Au-Young from the Traffic Safety Group at the end of December. Jim wants to set up a meeting with himself, Roland and a few of the design staff and have us present the Loop proposal so that they can give us productive feedback and answer questions.

Kelli responded to Jim and let him know that she would be reporting on The Loop project at the quarterly SFCITU-Caltrans meeting on 1/12.

Sheldon suggested that the meeting be held at the Bionic office to make it convenient for Marcel and Sarah.

**Business Lunch Update**

Jean reported that Kim and Jessie of Trumark were happy to work with us in arranging a business lunch. The idea, presented at our December meeting was to invite the businesses in Northwest Potrero to a nice lunch that is sponsored by the Loop, Trumark, Bonhams and the Design Center (if the 3 businesses want to do this). At the lunch a presentation would be made about The Loop and about the Potrero Connect work which has as it's objective, moving the homeless encampments in the neighborhood into housing. We would be asking the businesses to support us in both endeavors.

Sheldon suggested that we discuss this at the next steering committee meeting, as we will have more information on the meeting with Caltrans and on the Potrero Connect meeting.

**Potrero Connect Update**

January 20 is the date for the second meeting of "Potrero Connect". This is a group of folks living in the Northwest Potrero neighborhood who want to work with the city services to house the folks that are now camping on the sidewalks and the 101 right-of-way in Northwest Potrero. The goal is to address the issue specifically in our neighborhood. Bevan Dufty and Rann Parker will be at the 6pm meeting this month. Notes from the first meeting are on [http://sfmuna.net/?page\\_id=792](http://sfmuna.net/?page_id=792).

**Actions**

Jean will invite Kelli to our next meeting.  
Jean will update Malia Cohen on our progress.

**Next Meeting**

The 2<sup>nd</sup> Monday in February is Feb 9. That will be our next meeting.
